

BERTHOUD ALSO HAS A **COMPLETE RANGE OF ACCESSORIES** FOR BETTER TREATMENTS, GREATER EASE AND SAFETY

Colour-coded segmentation according to the 4 uses to facilitate the purchase

**HIGH TREATMENTS**

To treat higher and with precision, safely

**EQUIPMENT**

Equip your sprayer to make it versatile, from plant treatment to DIY

**WEEDING**

Remove weeds efficiently whilst protecting the plants nearby

**MAINTENANCE AND CLEANING**

To keep your equipment in good condition for as long as possible

**GIANT COMPOSITE TELESCOPIC LANCES, WITH HOSE, QUICK CONNECT AND PROFILE HANDLE, 2.40 OR 3.60 M LONG**

All park and garden owners know that trees need to be treated at least twice a year (sometimes 3 times in the case of fruit trees): once in winter (winter treatment) then in the spring after flowering ("fruit worm"). Most mature trees are over 4/5 m high and standard spraying equipment is not adequate for treatment above that height. Giant telescopic lances made of BERTHOUD composite materials can be extended to 2.4 m or 3.6m. They are the perfect tools for these jobs. They are light, rigid and strong. They are also highly chemical resistant and mechanically tough. They can also be used for treating roofs (moss control), a requirement for all house owners.

GIANT COMPOSITE TELESCOPIC LANCE WITH HOSE AND QUICK RELEASE CONNECTOR:

- 2,40 m model

**Code 280326**  
- 3,60 m model

**Ref. 282447**

**PROFILE GRIP MULTIPURPOSE COMPOSITE SPRAYER LANCE**

**Code 280327**

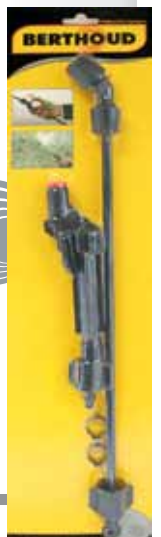

**PROFILE GRIP UNIVERSAL SPRAYER LANCE**

**Code 280324**

**STOPREX GRIP UNIVERSAL SPRAYER LANCE**

**Code 211665**

**TELESCOPIC SPRAY LANCES**

PROFILE OR STOPREX GRIP COMPOSITE TELESCOPIC SPRAY LANCE

Code 280362

**60 CM LANCE EXTENSIONS**

PROFILE OR FUSO GRIP-COMPATIBLE 60 CM ALUMINIUM LANCE EXTENSION  
Code 280364

PROFILE OR FUSO GRIP-COMPATIBLE 60 CM COMPOSITE LANCE EXTENSION  
Code 280363

**HANDLE, LANCE TUBE AND EXTENSION COMPATIBILITY**

**SPRAY LANCE GRIPS**

**"PROFILE" HANDLE**

**Ergonomic:** Handle / lance angle ensures a natural wrist position  
**Reliable:** Valve closure system perpendicular to liquid flow  
**Easy maintenance:** spring, seals and valve unscrew easily  
**Compatible :** with lances with STOPREX thread including "giant" telescopic composite lances 2.40 m and 3.60 m in length  
**Possibility to fit accessories:** pressure gauge, pressure regulator  
**Code 280310**

**STOPREX SPRAY LANCE GRIP**

Hand-operated for all sprayers  
 Allows continuous spraying  
**Code 212370**

**BOOMS**

Booms convert a single-nozzle spray lance into a multi-nozzle lance to treat a large surface in one go

- 2 nozzles :** sprays two rows in a single run
- 3 nozzles :** wide-boom herbicide treatment
- 4 nozzles :** very wide boom herbicide spraying

**SPRAY BOOM WITH 2 SWIVEL-MOUNTED NOZZLES**  
**Code 220516**

**3-NOZZLE HERBICIDE BOOM**  
**Code 255044**

**4-NOZZLE HERBICIDE BOOM**  
**Code 215071**

### NO-DRIP PRESSURE REGULATOR

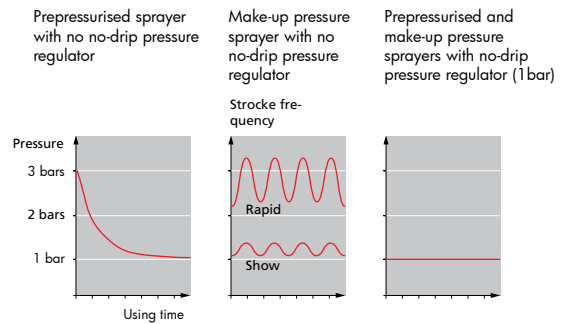

PRESSURE REGULATORS CAN HELP YOU PROTECT THE ENVIRONMENT (AND SAVE YOU MONEY)

- Pressure regulators:
- Ensure you always have the right pressure of 1 bar at the nozzle tip
  - Can save up to 50% on chemicals
  - Ensure dosage stability
  - Protect the environment by preventing overspraying
  - Used with pressurised sprayers, will extend acreage covered
  - Used with pressure sprayers, will reduce the number of pump strokes required
  - Can be used with all commercially available professional nozzle tips
  - Integrated anti-dip system

Ref 200806

#### WORKING PRESSURE FLUCTUATIONS CAUSE HAPHAZARD DOSAGE

## EQUIPMENT SPRAYERS

Accessories to create the best spraying conditions.

### HERBICIDE SPRAY SHIELD

Large-model spray shield for safe, effective spot application of herbicides  
To be use the flat fan nozzle

Ref. 455004

Upgrade your older generation sprayers with the following "QUICK release" adaptor kits

### QUICK RELEASE ADAPTOR KIT

FLORALY F5/F7/F13  
OLD VERSION Among other things, this kit enables easy use of giant 2.40 m and 3.60 m telescopic lances which are also equipped with quick release hoses (female)

Ref. 251713

### HOSE LENGHT 180 CM

ELYTE 8 DIY  
with quick release connector

Ref. 280380

### FLEXIBLE EXTENSION TUBE

For reaching places that are difficult to access  
Ideal for applications such DIY and gardening

Ref. 211507

## TIP N°5

"For spot weed killing, use a shield and do not spray when it is windy. This prevents splashing and stops the weed killer drifting onto other plants."
