Technical Data Sheet

Product name	Debris netting
Material type	HDPE New Material
UV	2%
Using life	3 years in Europe
Colour	Green
TYPE	Warp Knitted
Weight(gsm)	60GSM/M2
Width	2m
Length	50m
Yarn Type Warp/weft	Monofilament
Yarn count warp/weft	160 Denier
Construction warp/weft	6/7.5 Per inch ²
Eyelets execution	1 inch opening, every 5cm interval
Eyelets Position	Single at both edges and single in the middle
Tensile strength warp/weft	200/150N per 5cm
Tear resistance	48N per 5cm
Temperature resistance	-40°C to +80°C
Elongation warp/weft	32/58%
Tear strength warp/weft	35N
Tear strength eyelets	180N
Air permeability	78%
