

**SPAX**<sup>®</sup>  
Die Schraube

**CHROME(VI)  
FREE**

**YELLOX**<sup>®</sup>

SPAX – with optimised point and YELLOX coating.

**SPAX – The screw.**  
Chrome(VI)-free.

SPAX – with ground serrations and optimised point.

## Tip-top quality:

Leading-edge technology.

SPAX with benefits and innovative detailed solutions:

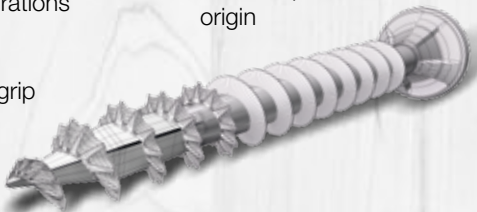

Its optimised gripping effect ensures a faster grip, even in laminated wood materials, saving time and money and guarantees the perfect look.

The new, internationally exclusive SPAX YELLOX surface provides significantly higher corrosion protection than blue and yellow zinc plating.

SPAX – Made in Germany – officially certified by the German Technical Inspection Agency TÜV.

## Proven advantages of SPAX:

- Pozi Bit recess
- *MULTI Head*
- Ground serrations
- *4CUT*
- Optimised grip
- Exclusive yellow YELLOX surface
- Certified proof of origin

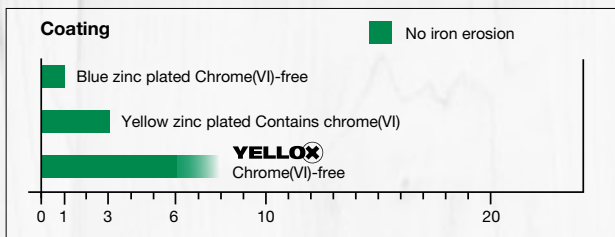

SPAX – ready for any challenge.

### The advantages and properties of the internationally exclusive SPAX YELLOX surface at a glance:

- YELLOX achieves **corrosion protection** that is more than **6 times greater** than that offered by blue zinc plating at the same surface thickness (layer thickness of 4–6  $\mu\text{m}$  with artificial atmospheric corrosion)
- YELLOX is free of chrome(VI) and thus far more **environmentally-friendly** than conventional surfaces, both during manufacturing and usage
- With YELLOX, the screw retains its yellow appearance with the benefit of higher corrosion protection

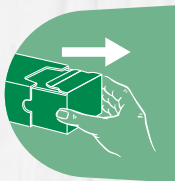

SPAX – with new window packaging.

**The advantages of the new packaging:**

- Big window panel
- The box is easy to open without any effort
- Simple removal of the desired number of screws by pulling out the slipcase
- Handy and stackable with a new label design on the front side of the packaging

SPAX – with new label coding system.

## The new label coding system: all information at a glance.

The **new label coding system** helps you find what you are looking for. All the relevant SPAX packaging information is clearly arranged. Using the QR code, further detailed information and application instructions can be called up. All the important information at a glance, clearly arranged.

### Structure and meaning of the new SPAX label in detail:

- |   |   |
|---|---|
| <ul style="list-style-type: none"> <li>1 Manufacturer's trade mark and product name</li> <li>2 Recess incl. size designation and colour coding of the bit size</li> <li>3 TÜV Nord logo</li> <li>4 Specifications on the surface (e.g. YELLOX)</li> <li>5 Image of the product, corrosion protection information or material number for stainless steel, article number and colour coding</li> <li>6 Number of pieces</li> <li>7 Thread diameter and length specification</li> <li>8 Approvals</li> </ul> | <ul style="list-style-type: none"> <li>9 EAN code (according to Annex DoP)</li> <li>10 CE marking and ETA number</li> <li>11 QR code for further product information</li> </ul> |
|---|---|

SPAX – guaranteeing quality and innovation since 1823.

### Impressive advantages:

- With certified proof of origin
- Company head office and production location Germany
- Offers a high degree of safety, quality and continuity for the customer
