### FSC® & Deanta

The Forest Stewardship Council® (FSC®) is an independent, not-for-profit, non-government international agency that promotes the use of harvested wood, which is wood gathered from well-managed forests. The FSC® sets standards that reflect agreed-upon principles for responsible forestry management and certification bodies that certify the achievement of those standards by specific forests or woodlands. These certification bodies audit each company and their supply chains back to FSC certified sources. This chain of custody certification assures that consumers can trust the FSC trademark, which guarantees that such wood has been sourced in well managed forests.

The benefits of this certification include the following

- Forest owners are incentivised to follow best environmental practices
- Biological diversity and its associated values, water resources, soils, and unique and fragile ecosystems and landscapes are maintained and conserved.
- Forestry operations enhance the social and economic well being of forest workers and local communities.
- The rights of indigenous peoples to own, use, and manage their lands, and resources are recognized and respected.

### FSC® Steps

1. Forests are certified according to FSC's Principles and Criteria.
2. Responsible management and harvesting practices are followed as trees are cut. A chain-of-custody paper trail is established.
3. Harvested trees are transported to an FSC certified mill, where logs are processed into FSC certified lumber
4. FSC certified manufacturers use FSC certified raw materials to make wood products
5. FSC certified products are transported to our Deanta Factory
6. Consumers purchase products with the FSC label. Restart the cycle

## The FSC® Cycle

### Enviroment

Deanta is Ireland's only FSC® certified door manufacturer. Other manufacturers may claim to use wood from FSC certified forests but are not presently fully FSC certified which has a major impact on deforestation and subsequent environmental damage

### Buying Deanta

By buying Deanta you are not only insuring less impact on our environment but also preventing exploitation of workers and creating employment and fair treatment from the point the tree is planted to the purchase of your new Deanta door

### Deanta Certification

All FSC® registered companies must have an FSC certification number. Beware of any companies that don't clearly show this number. You can check Deanta FSC certification at the official FSC website: <http://info.fsc.org/certificate.php>

### FSC® & Deanta

Irish owned company with our own manufacturing facility creating employment for over 400 employees. Everything manufactured in the Deanta factory from August 2014 will be FSC certified. One of a few manufacturers in the world who are ensuring all their products are fully FSC certified. Unrivalled quality and material.

## Terms & Conditions

At DEANTA, EVERY CARE IS TAKEN TO ENSURE OUR DOORS ARE PRODUCED TO THE HIGHEST STANDARDS AND ARRIVE TO YOU IN A SATISFACTORY CONDITION. JUST TO ENSURE YOU ARE FULLY HAPPY WITH YOUR DOORS, WE RECOMMEND YOU DO A FEW SMALL CHECKS SUCH AS:

- ENSURE THE DOORS ARE IN THEIR DEANTA BRANDED PACKAGING.
- CHECK FOR ANY MARKS WHICH MAY HAVE OCCURRED DURING DELIVERY
- IF FOR SOME REASON YOU ARE NOT HAPPY WITH A DOOR, PLEASE KEEP THE DOOR IN THE ORIGINAL PACKAGING AND NOTIFY YOUR SUPPLIER IMMEDIATELY
- ANY DOOR REMOVED FROM IT'S PACKAGING WILL NOT BE ACCEPTED AS A RETURN.

At DEANTA WE OFFER A LIMITED 10 YEAR WARRANTY ON ALL OUR DOORS. WE GUARANTEE YOUR DEANTA DOOR WILL NOT WARP, SHRINK OR SPLIT. TO ENSURE YOU GET THE BEST FROM YOUR DEANTA DOORS, WE RECOMMEND THE FOLLOWING:

- ALL DOORS SHOULD BE STORED HORIZONTALLY ON A CLEAN, DRY, FLAT AND LEVEL SURFACE PRIOR TO INSTALLATION AND ALLOWED TO ACCLIMATIZE FOR 7 DAYS.
- ALL DOORS SHOULD BE VARNISHED IMMEDIATELY AFTER ANY ALTERATION SUCH AS CUTTING OR PLANING. THIS IS TO PREVENT MOISTURE ABSORPTION WHICH MAY LEAD TO PROBLEMS SUCH AS WARPING OR SPLITTING AND VOID THE WARRANTY.
- NO DOORS SHOULD BE ALTERED ANY FURTHER THAN THE LIPPING ON THE DOOR.
- DEANTA DOORS SHOULD NOT BE FITTED IN A HOUSE THAT IS FRESHLY PLASTERED. DEANTA DOORS SHOULD ONLY BE DELIVERED TO A SITE AFTER ALL WET TRADES ARE FINISHED AND THE HOUSE IS FULLY DRY. MOISTURE READINGS SHOULD BE TAKEN TO ENSURE THIS.
- DEANTA DOORS REQUIRE 3 SETS OF HINGES.
